Retraction Note: BMC Sports Science, Medicine and Rehabilitation (2022) 14:53

<https://doi.org/10.1186/s13102-022-00446-w>

The Editor has retracted this article. After publication, concerns were raised regarding the statistical analysis in the article. Specifically, it is stated that the authors used the “Begger’s test”, which is not described in the literature. The Editor therefore no longer has confidence in the presented data.

None of the authors have responded to any correspondence from the editor or publisher about this retraction.

Published online: 26 September 2024
